WELCOME TO PSM WORLD SCHOOL

**“COMMITTED TO
NURTURE YOUR CHILD”**

The PSM World School is an innovative and creative day school, founded in the memory of great humanitarian **Late Shri Parmeshwar Singh** in the year 2024.

Our team is a strong believer in imparting value based education while preparing the students to face the intricacies of the hectic life by providing them a conducive ambience. We urge and strive for excellence. As it is said, "An ideal system of education is the backbone of democracy." It's our earnest responsibility to nurture the children to uphold the democratic values and ideals. So that they can become successful and law-abiding citizens. No doubt the first session of the school has collected a bag full of positive efforts in all the ways which are really needed for a school. Further I expect from my students to think high, to raise high, soar to achieve their goals, Absorb knowledge wherever possible and listen to the opinions of people who are more experienced than you. Believe in yourself, never give up determination, always have a strong will power. I thank you every one for having trust in us and our values.

With Best Wishes...

BAJRANG BAHADUR SINGH
(CHAIRMAN)

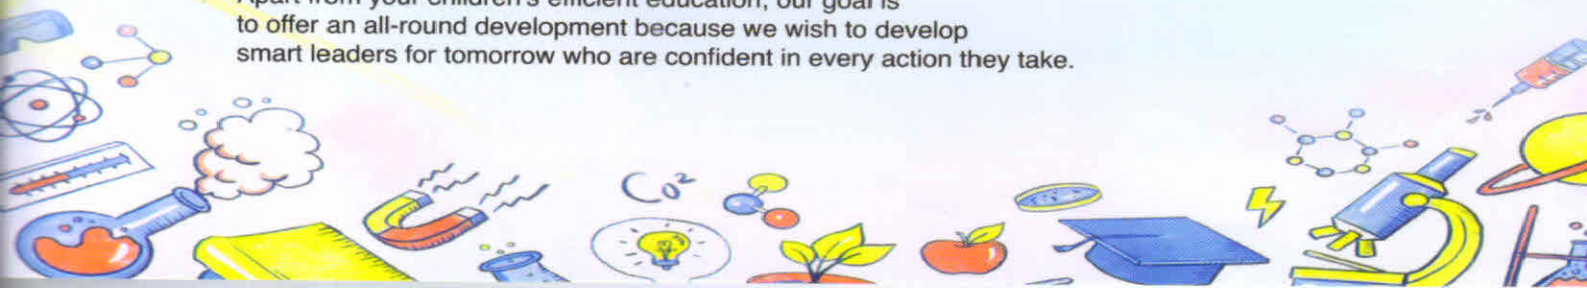

OUR MISSION

We continually aim to offer best practices in education that can ensure our students' fulfilling careers in future. Through our streamlined curriculum and an open-minded approach, we look for areas of opportunity and seek strategies for a way forward.

Apart from your children's efficient education, our goal is to offer an all-round development because we wish to develop smart leaders for tomorrow who are confident in every action they take.

OUR VISION

To provide a learner-centric education for your children so that they can achieve their full potential in the respective fields of education they wish to pursue and build a better world.

PRINCIPAL'S Message

We believe in “Simple living and high thinking”.

Every academic year brings forth new challenges and new opportunities. It requires dedication to pursue the goals of the institution. This can be done by not resting on past laurels – but to pursue with renewed vigour and enthusiasm.

Start by doing what is possible and you will find that you are doing the impossible. Every day brings forth new opportunities to learn more. At P.S.M World School we make the learning experience meaningful and happy.

We believe that each child is unique and gifted and a child's capacity to learn and create is infinite. In our School, the teachers and the administrative staff will make sure that your child learns to respect his school, family and his country. Teachers at school and parents at home are equal partners in providing a holistic education of the child.

Our endeavour is to teach each of our students to define success by overcoming the obstacles that come in their way and finding new paths to reach their goals.

(Dr. Rekha M)

VISION "Tamasoma Jyotirgamaya" -Taking the Pupil from ignorance towards enlightenment. Our vision is to provide a happy, caring and stimulating environment where children will recognize and achieve their fullest potential in their academic, creative, personal, physical, moral and cultural development.

MISSION We believe that both teachers and parents play an important role in shaping up the child's future. We strongly feel that it is made possible through active participation, communication and co-operation, between parents and teachers so that we can influence the all round development of the child.

To impact holistic education through exposure to Indian culture and heritage.

To expose the learners to the state of art pedagogy of high school education.

To motivate the students to excel in education through scientific and ethical values.

To transform lives towards laudable citizenry.

To inculcate human values and mold them into complete personalities.

To ensure the safety of each child.

To bring out the abilities, creativity, self confidence, imagination and fulfillment of their dreams in a right manner.

GOALS To create an excellent ambience for teaching and learning.

OBJECTIVES

* Fun based curriculum that supports and develops the logical thinking in the children.

* Provide best in class infrastructure.

* To set up English lab, Science lab and Math lab.

* To arrange communication skills in teachers.

* To arrange workshop for teachers as well as the parents.

TRANSPORT FACILITY

INFRASTRUCTURE & AMENITIES

LIBRARY

The School library is the hub of intellectual activities and is rich in reading material and reference resources, which provide information and ideas that are fundamental to functioning successfully in today's information and knowledge - based society.

COMPUTER LAB

Computer classes in schools are important for well-rounded education. Students at PSM Public School are instructed on the basics of computer use as early as Class 1. Educational software is presented in a game-like format to entertain the younger students while they learn key concepts.

MATH LAB

Math Lab provides opportunity for children to enjoy Mathematics, understand its basic structure, pose and solve meaningful problems. It enables the student to learn Mathematics with the help of concrete objects and to exhibit its relatedness with everyday life.

SCIENCE LAB

PSM has an extensive science lab which provides an experimental foundation for the concepts introduced. It enables the learners to familiarize themselves with experimental apparatus, scientific methods applied, and to make careful observations and draw conclusions in relation to the experiment.
